CTX® Series
Ceramic Window Tint
Stay Comfortable. Stay Connected.

LLUMAR® CTX® SERIES
CERAMIC WINDOW TINT

Drive in style. Connect with ease.

Drive in style, revel in comfort and connect with ease, thanks to all the features loaded into our premium ceramic window tint. It's available in a generous range of sophisticated charcoal shades, so you can create precisely the look you want. Our innovative, nano-ceramic technology makes it possible to deliver outstanding infrared heat rejection, glare control and UV protection that's completely metal-free, so it won't interfere with signals from your electronic devices.

With a durable scratch-resistant coating and built-in UV absorbers, CTX window tints come with a manufacturer's lifetime limited warranty* to ensure you and your car will always look smart.

Which LLumar® CTX® window tint is right for you?

Use the chart to find your perfect window tint.

¹ What shade of window tint do you prefer? The lower the percentage of visible light transmission, the darker the window tint.

² How cool do you want your car's interior to be? The higher the value of solar energy rejected, the lower the interior temperatures in your car.

	% Visible Light Transmission ¹	% Total Solar Energy Rejection ²	% Glare Reduction
CTX 05	5	60	94
CTX 15	20	53	78
CTX 25 [†]	28	50	69
CTX 30	34	49	62
CTX 35	37	48	58
CTX 40	44	47	50
CTX 50	55	43	37

If you're demanding and want your car to get noticed, you've found your match in CTX Series ceramic window tint.

Ceramic window tint that won't interfere with your electronic devices

Sunblock for your car and the people inside.

Safe driving means more than just avoiding accidents. It also means limiting exposure to harmful ultraviolet rays when you're on the road. Did you know the driver's side of your body is most at risk for exposure to damaging UV rays that accelerate the aging process and increase your risk of skin cancer? The same UV rays that can cause wrinkles on your skin can also fade and crack your car's upholstery. CTX window tints block more than 99% of harmful UV rays**, safeguarding you, your family, and your investment.

Window tint is recommended as part of a comprehensive skin care program.
